

# Raasikh Booley

---

## About

I'm an aspiring Web Developer, Animator and Game Designer. I attended City Varsity where I received my Animation Diploma in 2018. I then went on to attend Life Choices Academy for a short 6 month course in coding where I received my Coding Certificate in 2019. At the moment, I'm just looking to gain as much knowledge and experience in the field as well as opportunity for growth in my respective field.
